December 2014

Dear Parents/Guardians,

As we near the end of another school year, we once again need to look forward to the activities of Term One. With a busy camp week scheduled for February next year, there are a number of key dates and information to keep in mind.

The information night will have speakers from the School and Bindaree to work through the important information required for camp. It is also a chance for us to answer any questions you may have regarding your child/children’s camps in 2015. There will be two sessions:

**Tuesday February 3 – Year 8 & 10 camp information night for parents in the PAC**

**Thursday February 5 – Year 7 camp information night for parents in the PAC** (this will precede the new parent’s information session)

Camp week will fall in the last week of February, from the 23 to the 27. Once again it is quite early in the year, so it is important that everyone is organised leading up to this week. Permission forms are enclosed with this letter and it is vital that they are returned by the 29 January so that all camps can run smoothly. **Medical forms are to be completed online** through the new system this year. Please ensure you login and update your child/children’s medical details (This is particularly important for those with dietary requirements or allergies). There is a strict deadline for these items so please ensure they are completed.

I thank you in advance for your assistance in ensuring camps week runs smoothly and look forward to a fun week on camp.

Kind Regards,

Nicholas Green
Camps Coordinator
